PROGRAMS:

JUNIOR C | OUR BEGINNER'S PROGRAM FOR YOUNG KIDS TO HAVE FUN!

The purpose of this program is to help kids develop their physical and social skills by introducing them to the game of tennis. We are offering this program to all kids aged 5-9 with the objective of having them learn the fundamentals of tennis all in enjoying a healthy and fun environment for everyone. This course includes working on children's coordination, technique and understanding of the tennis game through fun games and exercises. Our focus is to help kids develop a love for the game and make friends along the way!

JUNIOR B | OUR INTERMEDIATE JUNIOR PROGRAM FOR KIDS WHO WANT TO PLAY MORE

JR B is a semi-intensive program targeted at kids with some previous tennis experience. One step above JR C, our students in JR B possess an intermediate racquet skill-set with the ability to hold rallies from the back of the court. Like with our JR C program, our focus is on helping our students develop a love for tennis through fun exercises and games but with a greater emphasis on perfecting the key fundamentals. In this program, the children will sharpen their skills on groundstrokes and the serve as well as be introduced to tennis game-play with score-keeping and basic strategy. In addition, we will introduce more tennis-specific coordination movements for developing balance and conditioning.

JUNIOR A | GETTING MORE INVOLVED – REPRESENT YOU SCHOOL

JR A is a more intensive level up from JR B for kids who wish to not only enjoy tennis but also begin playing points and competing. Students in this program will continue to sharpen their fundamentals from all areas of the court but also be exposed to more rigorous game-play and conditioning. This class is perfect for students aged 11 to 16 with a few years of tennis experience and an interest in playing tennis more seriously. We will focus on students' technical and tactical improvement, understanding of the tennis game and specific tennis points and fitness training. A popular program for intermediate players seeking a great balance of fun and competition.

TOURNAMENT B START PLAYING TOURNAMENTS AND DEVELOP A LOVE FOR COMPETITIVE TENNIS.

Tournament C is the first of our two tournament classes. This program is a great fit for advanced juniors with a desire to compete and play more matches. As such, we will focus on developing all aspects of the game through more rigorous technical, tactical and fitness training. A great option for students who wish to transition towards competitive tennis, this class has all the elements to take students to the next level while still fostering the fun environment YTI is known for.

TOURNAMENT A GROW AS A PLAYER AND COMPETE AT YOUR HIGHEST LEVEL!

Tournament A is our highest level class for players who wanting to play competitive tennis. Student's in this class will already possess the key fundamentals in terms of technique so the emphasis of this class is to really prepare them for competition. This class will focus on match-specific drills as well as game-play to help students develop the game they need to compete. In addition, we will focus on match-specific tactical and conditioning training as well as sparring matches and training with Team Yonezawa when available on weekends.

YTI CAMPS

With over 10 years of experience, our tennis camps in Japan and Europe have become well-known for training players all around the world. Every year, we do multiple camps during the school holidays (3 times a year in Japan and once in Europe) to give students a fun opportunity to play more tennis and enjoy a long-stay with their friends. Our camps have taken us to Niigata and Chiba in Japan and to Serbia and Croatia in Europe.

Our camps offer an intensive yet very fun multi-day tennis program involving lessons, match play, fitness, and also fun activities! Students join from multiple international schools in the Kanto area (YIS, Saint Maur, St. Mary's, ASIJ, Seisen...) helping to make new friends along the way. Our coaching staff includes certified experienced coaches, professionally ranked players, and often International school and university tennis alumni.
